

Cheshire West & Chester Council

Communal Recycling Collections

A series of containers have been located close to your property; these will allow you to recycle a number of different materials.

Please ensure you place the correct materials into each container.

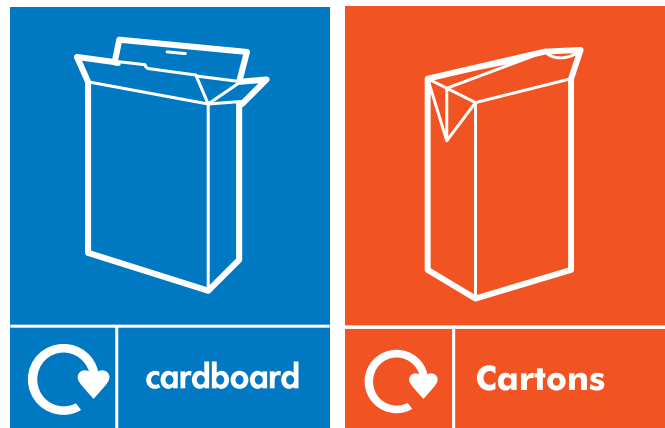

To help ensure the collection area remains clean and tidy, do not place any items by the side or on top of the containers.

Please place recycling materials loose in the blue bins **i.e no plastic bags**. Only the materials listed on the bin can be recycled. Mixing materials may result in the bin not being emptied.

For more information please
